## From The President:

The 2009-2010 year is coming to a rapid close. Our first Class Midshipmen take their finals this week and next week they will move full throttle into studying for their license exams. Finals for the remaining Cadets begin June 12.

The Parent Association "Goodie Bags" have been sent to the First Class Middies and the others will be on their way soon. Many thanks to all of those contributing to this effort, I know the M/N appreciate these treats very much.

One last date is on the schedule for this Academic Year: our Annual Welcome Aboard Luncheon, which once again will be sponsored by the Houston area USMMA Alumni. The Alumni have been very supportive of our Association And they deserve a very big **THANK YOU!**

It has been my pleasure to serve and be a part of this Association over the past four years. I have made many new friends and have 'filed' many precious memories with parents and midshipmen that I will never forget.

Lastly, thanks to all the officers and parents that have served with and supported me these past three years: your contributions are invaluable to the success of the Association.
